*For IMMEDIATE RELEASE*

**Timothy J Nuss, Senior Real Estate Specialist (SRES)**

**Timothy Nuss**, a local REALTOR® with **R H 2 L** has just completed training in Columbus, OH through the Ohio Association of Realtors as a Senior Real Estate Specialist (SRES). Tim's extensive background as an Occupational Therapist Assistant (OAT) has provided him with a unique and highly specialized field of service to expand into Real Estate.

As a REALTOR with an SRES designation, Tim is among a very limited number of Real Estate Professionals who have access to over 14,000 Referral Partners to strategically work with you or your family member who may be dealing with a life change that affects their housing needs. Whether from an accident, illness or longevity of life, Tim understands that a house and functions needed within the house can be drastically changed to that life event. His sincere desire is to ensure that your needs are met with the highest degree of compassion, skill, understanding and professional abilities available.

"I am honored to be designated for this field and to be able to utilize the other training I have as an Occupational Therapist in a new and much needed way," says **Timothy Nuss**. "Even though many people just think of "Seniors" in a 50+ age range, I have seen many younger people who have had to change their living needs because of an accident or illness – and I know that this takes a dedicated person to work with them."

The **Senior Real Estate Specialist (SRES)** classes are offered by the National Association of REALTORS®, through the Ohio Association of Realtors or other certified educational sources. By working with Realtors from a national perspective on the overall benefits focused training offers its members, only serves to magnify the potential positive impact at the local levels.

Tammy Murphy, Broker of R H 2 L in Centerville, says, "**Tim's** commitment to continuing his education in the current real estate market serves as a great example of the necessity to strive for the next level of excellence in our industry. We are proud of Tim's accomplishments and know that he will serve all of his clients – with integrity, compassion and professionalism to make a profound difference in their quality of life."

**Timothy Nuss** can be reached at 937-830-0427 or via email at Tim@RH2L.com.
